## **Fremont-Rideout Management Services Organization Selects Escondido-based CHMB for Services**

The Yuba City-Marysville based MSO selects CHMB to manage all medical billing & revenue cycle services for its physician members.

**Escondido, CA, May 28, 2010** - Fremont-Rideout Health Group based in Yuba City, CA has recently formed the Fremont-Rideout Management Services Organization (FRMSO) which will offer its physician programs and services that have been developed specifically to enhance the independent community medical practices. FRMSO has selected California Healthcare Medical Billing (CHMB) located in northern San Diego County as the exclusive partner for medical billing and revenue cycle management services for their physician members.

“Fremont-Rideout MSO is proud to be affiliated with partners like CHMB, who will be providing our member physicians high quality services for the business side of their practice,” said Todd Jacks, FRMSO’s Administrator. “We have compiled the best resources and services available anywhere offering discounts based on volume that have never been available for individual practitioners before.”

CHMB will manage all facets of the revenue cycle management process including Medical Billing, Revenue Cycle Information Systems & Support, and Practice & Clinical Analysis Reporting in addition to Credentialing, Privileges and Contracting Services. Utilizing a fully responsive, external structure of technical, administrative and reporting tools, CHMB will help the FRMSO practices maximize reimbursements, increase cash flow and eliminate compliance risks.

“CHMB has a longstanding history of working with independent community physicians,” stated Bob Svendsen, CEO CHMB. “We understand the increasing challenges facing these practices. We are able to manage their accounts receivables, while controlling costs so they are able to focus on practicing medicine. CHMB looks forward to working with FRMSO, bringing them the best services available and in future work together to provide an EHR solution to the practices.”

### **About CHMB**

CHMB, a leading provider of outsourced business services, was founded in 1995 to provide billing and other business services for medical practices of all sizes via the ASP model. By addressing all the various elements of hardware, software, connectivity, implementation and ongoing training and support challenges facing physician offices today, CHMB provides cost-effective solutions for Revenue Cycle Management and EHR Adoption & Implementation Services to Health Systems, MSO, IPA’s and Community Physicians.
